

***OUR PUGET SOUND, IN DEPTH***  
***FREE Public Seminar Series***  
***First Wednesday, 7 -8:30 PM***  
***Mukilteo City Hall, 11930 Cyrus Way, Mukilteo***

Have you wondered about what types of energy exploration are happening for Snohomish County? Want to learn more about the cool animals of the Salish Sea? Wondered what the opening of the Brightwater Plant is doing in cleaning up Puget Sound? If so, then you should attend "Our Puget Sound, In Depth" presentations to hear experts speak on these topics. Presentations take place on the first Wednesday night of each month in Mukilteo, 7 - 8:30 PM. These sessions are free and brought to you by WSU Extension Beach Watchers.

**January 4:** Salmon and Toxics in the Marine Environment: Dr. Jennifer McIntyre (NOAA Research Scientist) will share recent research on how salmon are impacted by the contaminants found in Puget Sound and what the outlook is for the future.

Presentation to begin at 7 PM Wednesday February 1, 2012  
Mukilteo City Hall, 11930 Cyrus Way, Mukilteo  
Common Room

**FREE EVENT ~ NO REGISTRATION REQUIRED ~ BRING A FRIEND!**

**2012 Seminar Series Schedule:**

**January 4: Salmon and Toxics in the Marine Environment**

**February 1: Alternative Energy**

**March 7: Bears to Barnacles: Cool Animals of The Salish Sea (held in the Mukilteo Rose Hill Center)**

**April 4: Puget Sound Whales**

**May 2: Inside the new Brightwater Treatment Facility**
